

DMG CRS offers dental care for the whole family.

Our dedicated and caring dentists and hygienists are here to provide comprehensive care for the whole family, whether it is for a routine cleaning or urgent, same day treatment. DMG Children's Rehabilitative Services (DMG CRS) serves adults, children of all ages, including those with special needs. We provide individualized care and treatment plans with the goal of maintaining you and your family's dental health through all stages of life.
